Statement on passing of Dr. Miran Ribati

November 8, 2021 – Tamuning, Guam – It is with a heavy, shocked and saddened heart that the Guam Memorial Hospital Authority shares the passing of one of its esteemed physicians, Dr. Miran Ribati.

Dr. Ribati was an Interventional Radiologist at GMHA, serving the community for over three years. His talents were undeniable and impeccable; his passion unparalleled; his accolades from patients in droves. He will be sorely missed among colleagues, staff and the entire Guam healthcare community.

GMHA will have counselling services for our staff community, as we all process, heal and make sense of this tragic loss.

Our hearts and condolences are with Dr. Ribati's family. May God bless them and support them in this difficult time.

GMHA cannot comment any further at this time. We ask the community and media to allow time and space for Dr. Ribati's family and peers to recover from this sudden passing.
